

Grade Summary

PRODUCT CODE	DESCRIPTION	PE	PP	PS	ABS	SAN	PA	PC	PET	Other engineering polymers*
PLASBLAK MASTERBATCHES										
UN2014R	Premium jet black universal	++	++	++	++	++	+	+		
UN2016	Medium colour universal	++	++	++	++	++	+	+		
EV1755	Universal black masterbatch	++	++	++	++	++	+	+		
EG3807	High performance jet black masterbatch for engineering polymers				+	+	++	++		++
PA3785	Black masterbatch for nylon						++			
SA3176	Black masterbatch for ABS/SAN			++	++	++				
PP6190	Premium black masterbatch for PP weathering applications based on copolymer		++							
PP3393	Black masterbatch for PP		++							
PS4054	Premium black masterbatch for styrenics			++	+	+				
PS4256	Economy black masterbatch for styrenics			++	+	+				
PE4884	Economy black masterbatch for polyolefins	++	++							
PE2272R	General purpose black masterbatch	++	++							
PE2813	FDA compliant black masterbatch	++	++							
PLASWITE MASTERBATCHES										
PE7002	Universal 75% white	++	++	++	++	++	+	+		
PE7024	Premium 60% white for polyolefins	++	++	++	++	++	+	+		
PE7250	Premium 70% white for polyolefins with outstanding pigmentation	++	++							
PE7000	Utility 50% white for polyolefins	++	++							
PE7427	Utility 40% white for polyolefins	++	++							
PS7028	60% white for styrenics			++	++	++				
PP7609	55% white for PP		++							
PLASADD MASTERBATCHES										
PE9041	Mould release agent	++	++							
PE8999	Desiccant for polyolefins	++	++							

Key:

++ suitable

+ limited suitability

* PBT, PMMA, POM, PPS
